Update 2

Answer the questions below and submit them as a PDF. Please try to keep it brief.

1. You should be getting close to finishing the programming portion of the project. Describe your progress so far. Do you have sufficient tests?

2. Describe the plan for the presentation portion. Make sure it includes all the required aspects.

3. List any questions or concerns you have about the project so far. Again, I do not have time to "grade" or give feedback on everyone's work so far. But I can address any specific questions or concerns you might have.

4. Give a brief summary of what each member of your group has done so far.
